# Highlights

## MMS starter kit

MMS starter kit with large picture library is a database of fun pictures stored in the phone that you can use to send fun MMS (Multimedia Messaging Service) messages. Create an MMS, then link a picture from the library to send to friends and family.

## MMS messaging

MMS (Multimedia Messaging Service) allows you to use your mobile phone to send and receive pictures, video, and audio files with your text messages.

## 4K color display

4K color display uses RGB color synthesis theory to bring you vivid pictures and other images for a more enjoyable experience.

## 32-tone polyphonic melodies

32-tone polyphonic melodies can create simultaneous tones of different notes using MIDI format for more natural and realistic musical results, sounding just like a small orchestra of different instruments for outstanding sound effects.
