

Quick Start Guide

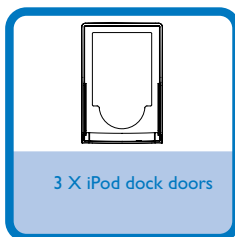

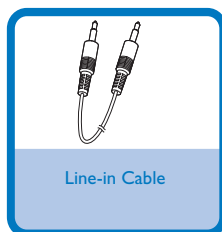

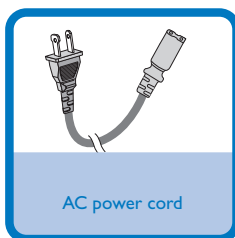

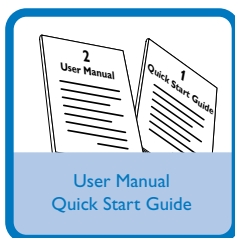

Step A *Connect*

Step B *Setup*

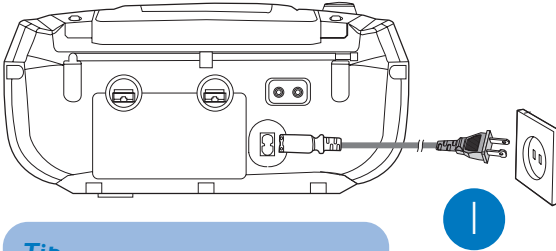

What's in the Box?

You should find these items upon opening the box.

Step A Connect

- 1 Connect the AC power cable of the system.

Tip

- See the User Manual for how to connect other equipment to this system.
- Use the supplied AC power cable only! Using any other power connection device may damage your main set!

Step B Setup

- 2 Before plugging your player in the dock, select a suitable dock door.
3 iPod dock doors are included. Each door has indication to match different iPod types.

- 2 Push the dock to eject it.

- 3 Turn the wheel of the dock support to adjust the height to different iPod types.

- 4 Align the slots of the dock and latches of the dock door, then slide in the door.

- 5 Align the connectors of on the dock and iPod, and then push the iPod gently to install your iPod to the dock connector.

- 6 To take out the iPod, push the dock to eject it.

- 7 Hold the iPod carefully and pull it out slowly.

- 8 Push the dock door to close it.
