## Step A *Connect*

- 1 Connect the AC power cable of the system.

### Tip

- See the User Manual for how to connect other equipment to this system.
- Use the supplied AC power cable only! Using any other power connection device may damage your main set!

## Step B *Setup*

Before plugging your player in the dock, select a suitable dock door.  
3 iPod dock doors are included. Each door has indication to match different iPod types.

- 2 Push the dock to eject it.
- 3 Turn the wheel of the dock support to adjust the height to different iPod types.
- 4 Install your iPod to the dock connector.
- 5 Align the slots of the dock and latches of the dock door, then slide in the door.
- 6 Push the dock to eject it.
- 7 To take out the iPod, slide the dock door up to remove it.
