- Included accessories: AC Power Cord, 3.5mm stereo line in cable, User Manual, Warranty certificate

## Dimensions

- Product dimensions (W x H x D):  
348 x 127 x 238 mm
- Packaging dimensions (W x H x D):  
373 x 157 x 262 mm

# Highlights

## Play and charge your iPod

Enjoy your favorite MP3 music while charging your iPod! The dock lets you connect your iPod directly to the Docking entertainment system so you can listen to your favorite music in superb sound. It also charges your iPod while it plays so you can enjoy your music and not have to worry about your iPod battery running out. Use the remote control to navigate, select and playback the music stored on your iPod. The Docking entertainment system automatically charges your iPod while it is docked.

## Dynamic Bass Boost

Dynamic Bass Boost maximizes your music enjoyment by emphasizing the bass content of the music throughout the range of volume settings - from low to high - at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.
