144 x 144 x 62 mm

Accessories

- Included accessories: 3.5 mm stereo line-in cable, AC-DC Adapter, Quick Use Guide, User Manual, World Wide Warranty leaflet

Highlights

Weekday/weekend alarm

Designed with modern day lifestyles in mind, this clock radio has a dual alarm feature, allowing you to set different alarm times for weekdays and weekends or even vary the alarm settings for couples. The alarm settings can be tailored for the same alarm times for the entire week from Monday to Sunday. Or you can set the alarm for an early start on weekdays from Monday to Friday, and lazy lie-ins for Saturday and Sundays. Whichever you choose, this convenient feature saves you from the hassle of fiddling with different alarm times every single night.

Gentle wake up call

Start your day the right way by waking up gently to a gradually increasing alarm volume. Normal alarm sounds with a pre-set volume are either too low to wake you up or are so uncomfortably loud that you are rudely jolted awake. Choose to wake up to your favourite music, radio station or buzzer alarm. Gentle wake's alarm volume gradually increases from subtly low to reasonably high in order to gently rouse you.

Play and charge your iPod

Enjoy your favourite MP3 music while charging your iPod! The dock lets you connect your iPod directly to the Docking entertainment system so you can listen to your favourite music in superb quality. It also charges your iPod while it plays so you can enjoy your music and not have to worry about your iPod battery running out. Use the remote control to navigate, select and playback the music stored on your iPod. The Docking entertainment system automatically charges your iPod while it is docked.
