120W, Bass radiator

DCD3020

Relax with great music

Obsessed with sound

Listen to music from your iPod/iPhone/iPad - simply by docking it as it is, without having to remove its case. The Philips DVD micro music system delivers powerful bass, thanks to wOOx technology, and plays DVDs, DivX files, CDs and MP3-CDs

Enjoy your favorite movies and music

- Play DVD, DivX®, (S)VCD, MP3-CD, WMA-CD, CD(RW) & Picture CD
- Dolby Digital for ultimate movie experience
- Play and charge your iPod/iPhone/iPad
- USB Direct for MP3/WMA music playback

Enrich your sound experience

- wOOx™ loudspeaker Technology for deep and powerful bass
- Digital Sound Control for optimized music style settings
- 120W RMS total output power

Easy to use

- FM digital tuning to preset up to 20 stations
- Motorized CD loader for convenience access
- Wake up and sleep timer functions

PHILIPS

DVD micro music system
with 30-pin connector for iPod/iPhone/iPad, DVD, CD, USB, FM, 120W, Bass radiator

DCD3020/79

Highlights

Play & charge iPod/iPhone/iPad

Enjoy your favorite MP3 music while charging your iPod/iPhone/iPad! The dock lets you connect your portable device directly to the Philips system so you can listen to your favorite music in superb sound. It also charges your iPod/iPhone/iPad while it plays so you can enjoy your music and not have to worry about your portable player battery running out. The system automatically charges your portable device while it is docked.

Play DVD, DivX & MP3/WMA-CD

The Philips player is compatible with most DVD and CD discs available in the market.

DVD, DivX®, (S)VCD, MP3/WMA-CD, CD(RW) and Picture CD - all of them can play on the player. SVCD stands for "Super VideoCD". The quality of a SVCD is much better than a VCD, especially much more sharpen picture than a VCD because of the higher resolution. With DivX® support, you are able to enjoy DivX® encoded videos. The DivX media format is an MPEG4-based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW, and DVD recordable discs.

USB Direct

With the USB Direct mode, simply plug in your USB device to the USB port on your Philips device and your digital music will be played directly from the Philips device.

wOOx™ Technology

wOOx technology is a revolutionary loudspeaker concept that allows you to hear and feel profoundly deep bass that is richer

than any other audio system. Special speaker drivers work in harmony with the wOOx bass radiator, and precise tuning between the main driver and the tweeter ensures smooth transitions from low-mid to high frequencies. Dual suspension and a totally symmetrical sandwich construction deliver low and precise base without noticeable distortion. wOOx produces exceptionally deep and dynamic bass by using the speaker box full volume to truly magnify the impact of the music.

Digital Sound Control

Digital Sound Control offers you a choice of pre-set Jazz, Rock, Pop and Classic controls you can use to optimise the frequency ranges for different musical styles. Each mode uses graphic equalizing technology to automatically adjust the sound balance and enhance the most important sound frequencies in your chosen music style. Ultimately, Digital Sound Control makes it easy for you get the most out of your music by precisely adjusting the sound balance to match the type of music you are playing.
