- Packaging height: 302 mm
- Packaging depth: 202 mm
- Main unit width: 150 mm

Power

- Power supply: 220 - 240 V
- Power supply: 50 Hz

Highlights

iPod music playback

iPod music playback and recharge

Dynamic Bass Boost

Dynamic Bass Boost maximizes your music enjoyment by emphasizing the bass content of the music throughout the range of volume settings - from low to high - at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.
