Keyless PIN code, One-time PIN code, Easy assembling

# Highlights

## Keyless entry

This lock stores up to 20 permanent PIN codes. It's much easier to unlock your door with the PIN code than with a key. The key-free lock allows you not to carry keys anymore, and there are no keys to lend or lose. With the auto-lock feature, you don't need to worry about forgetting to lock the door.

## Simple sharing

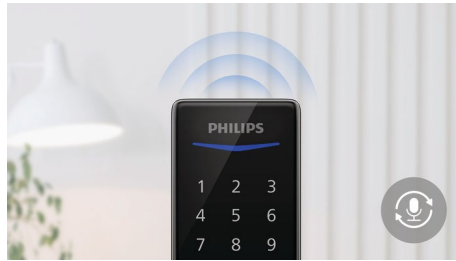

Works with Philips Home Access app to remotely generate a one-time PIN without a Wi-Fi bridge or Bluetooth connection. You can easily share unlimited one-time PIN codes for your home with friends, family members, or anyone you want.

## Ultra-long battery life

This electronic door lock consumes little power and lasts up to 1 year\* with 4 AA alkaline batteries. When the batteries run low, a low battery alert will remind you to change your batteries, preventing a lockout.

## Voice guide

Voice guidance guides you through configuration of the lock without the need for an instruction manual. English, French, and Spanish voice guides are available.

## Multiple alert function

This electronic door lock is equipped with a lockout alarm, a low battery alert, away mode

DDL210X25KN0/37

for vacations, privacy mode and other security features to ensure the safety of your home at all times. Safer and more secure, Philips electronic deadbolt brings a new smart experience.

## Modern design

Modern design fits your door. High quality touch screen keypad, available in multiple finishes. This digital door lock improves doors of any style.

## Easy installation

The door lock installs in minutes with just a screwdriver and is suitable for most standard door preps.
