# Highlights

## Plug & Play pack - 2 handsets

The unique soft touch feel ensures that the phone lies perfectly within your hand and increases comfort while calling.

## Free intercom

No need to stop what you are doing and go to give the handset to your son when his friend calls: you can freely and easily call the handset in his bedroom and transfer the call.

## TAM control from the base

Listening or deleting messages is as simple as pressing one key on the base station.

## 15-minute recording time

Records up to 15 minutes of incoming messages

## Full graphic colour display

This type of displays makes it easier to use your phone, thanks to the good quality and legibility of the characters. It also gives you more freedom in communication from your home. Now you can combine text with images or numbers, when sending an SMS for example.

## Selectable wallpapers

An illustration is worth more than a thousand words. Scroll through the selection of images integrated into the handset. Select the one that best suits your mood of the day and have it displayed as a background on your screen.

## Send & receive SMS

The SMS is a simple way to exchange information over the telephone line. You first type your text off-line and when you are ready, you send it to as many people as like.

## 25-SMS memory

Keep traces of the messages you receive. Thanks to the large onboard storage capacity, you do not need to erase precious messages anymore.
