Highlights

Cable to sync iPod or iPhone

This USB 2.0 cable connects to your computer via USB to sync your iPod or iPhone with iTunes for transferring music, photos, apps, updates and more.

A great spare or replacement

The 30-pin to USB cable is essential for syncing your iPhone or iPod with iTunes, and for charging via your computer or USB charger. Carry it with you, keep it at your desk or replace the one you lost so you're always able to connect and charge when you need to.

Extra long cable

Sometimes a longer cable is just what you need for better access and added convenience
