Highlights

Play and charge via Lightning

Enjoy your favourite music while charging your iPod/iPhone via the new Lightning connector! Just dock it directly on the speaker to play your hand-picked tunes in superb sound. It also charges your device quickly while it's playing, so you don't have to worry about the battery running out.

Dynamic room-filling sound

With an advanced digital sound processing algorithm, two active speaker drivers and bass port, this docking speaker fills your room with clear natural sound and deep powerful bass.

PC synchronisation

Dock it, play it, sync it and charge it! Dig in to your favourite music on your iPod or iPhone while it charges. Its also synchronises with your PC via connecting the speaker with a USB cable.

Free ClockStudio app

The free app adds an array of exclusive cool features to your docking speaker. You can check the weather, tell the time and even use your favourite images as wallpaper. ClockStudio also lets you listen to thousands of Internet radio stations worldwide. More updates on skin styles and new functions on the way.

Audio-in

The Audio-in connectivity allows direct playback of Audio-in content from portable media players. Besides the benefit of enjoying your favourite music in the superior sound quality delivered by the audio system, the Audio in is also extremely convenient as all you have to do is to plug your portable MP3 player into the audio system.
