Highlights

AUX-in for easy connection

AUX-in for easy connection to almost any electronic device

Compact design

Compact design for any space, any lifestyle

Dock in its case

The smartly designed spring-loaded docking port of this Philips speaker effortlessly accommodates any iPod or iPhone, without special adapters. What's more, it works even when most protective cases are on – just dock your iPod or iPhone as it is. Now you can truly have fuss-free enjoyment of your music.

PC synchronisation via USB

Dock it, play it, sync it and charge it! Dig in to your favourite music on your iPod, iPhone or iPad while it charges and synchronises with your PC via USB – and enjoy superb sound quality together with thoroughly unbeatable convenience. Let the great tunes go on and on – without ever running out of power.

Superb gaming sound effects

The gaming experience isn't complete without great sound effects. Now, your games on a Smartphone or any other portable device can be made even more thrilling, thanks to Philips docking speaker that puts the boom in the sound. Hear all the sounds loud and clear, and boost your experience to new levels. What's more, you can do this with outstanding convenience, via Bluetooth. Simply establish a wireless Bluetooth connection between your portable device and the docking speaker, and play away.

DockStudio app on App Store

The free app adds an array of exclusive cool features to your docking speaker. You can check the weather, tell the time and even use your favourite images as wallpaper. DockStudio also lets you listen to thousands of Internet radio stations worldwide. More updates on skin styles and new functions on the way.
