- Set weight: 2.7 kg
- Weight incl. Packaging: 3.5 kg

Tuner/Reception/Transmission

- TV system: NTSC

Video Recording

- Tape speeds: SP, SLP
- Recording Media: VHS Tapes
- Recording enhancements: One Touch Record (OTR), Chapter Marker Insertion, Fit To Space
- Recording system: NTSC

Highlights

Progressive Scan

Progressive Scan doubles the vertical resolution of the image resulting in a noticeably sharper picture. Instead of sending a field comprising the odd lines to the screen first, followed by the field with the even lines, both fields are written at one time. A full image is created instantaneously, using the maximum resolution. At such a speed, your eye perceives a sharper picture with no line structure.

Direct Dubbing

Having a Direct Dubbing button allows for the user to start recording from the DVD disc without complicated menu system selection or input/output selection for separates.

Hi-Fi stereo VHS

Hi-Fi Stereo VHS plays back true stereo VHS

Plays it all

Play virtually anything you want - whether they be CDs, (S)VCDs, DVDs, DVD+R, DVD-R, DVD+RW, DVD-RW DVD+R DL or even VHS tapes. Experience unbeatable flexibility and the convenience of playing all your discs on the one device.
