- Music: CD, MP3-CD, CD-R/RW & Windows Media™ Audio
- Photos: Picture CD (JPEG)

PHILIPS

Highlights

VCR Plus+

With the VCR Plus+ system, all you need to do to program your video recorder is to enter the 'Pluscode' – a single code of up to nine digits (but usually less) that is printed next to each TV program in most TV guides.

Progressive Scan

Progressive Scan doubles the vertical resolution of the image resulting in a noticeably

sharper picture. Instead of sending a field comprising the odd lines to the screen first, followed by the field with the even lines, both fields are written at one time. A full image is created instantaneously, using the maximum resolution. At such a speed, your eye perceives a sharper picture with no line structure.

Movies - VHS & DivX

Multi-format playability allows you to play most disc formats and VHS tapes for maximum compatibility and viewing pleasure.

Music: Windows Media™ Audio

Multi-format playability allows you to play most disc formats for maximum disc compatibility and listening pleasure.

Specifications

Picture/Display

- D/A converter: 10 bit / 54 MHz
- Picture enhancement: Progressive scan

Sound

- Crosstalk (1kHz): 90 dB
- D/A converter: 24 bit, 192 kHz
- Dynamic Range (1kHz): 90 dB
- Frequency response: 20 - 20 000 Hz
- Signal to noise ratio: 100
- THD: 0.01-0.1%

Video Recording

- Tape speeds: SP, SLP
- Recording Media: VHS Tapes
- Recording enhancements: One Touch Record (OTR), Chapter Marker Insertion, Fit To Space
- Recording system: NTSC
