Highlights

PowerCyclone Technology

PowerCyclone technology delivers thorough cleaning results in one go through highly efficient steps: 1) Air enters rapidly into the PowerCyclone thanks to the straight and smooth air inlet. 2) The curved airpass quickly accelerates the air in the cyclonic chamber to separate the dust.

TriActive Turbo nozzle

The TriActive Turbo nozzle delivers powerful performance on hard floors and carpets. The motorised brush and the optimised airflow pick up all dirt and fluff in one go.

Powerful 18 V Lithium

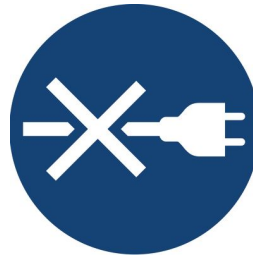

The powerful 18 V Lithium-Ion batteries have longer-lasting power versus standard batteries. Li-Ion batteries are also very lightweight, giving you a more enjoyable cleaning experience.

2-in-1: stick and handheld

The 2-in-1 functionality gives you both a stick and a handheld vacuum cleaner in one, to easily clean both floor and furniture.

Cordless operation

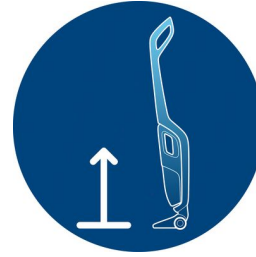

The rechargeable batteries for cordless operation give you the freedom to clean everywhere. With no more cable to get in your way, cleaning from room to room is hassle-free.

Maximum flexibility

PowerPro Duo is designed to reach everywhere, so you can effortlessly and easily clean under sofas, beds or tables.

Self-standing parking position

The stick has a convenient upright standing position, both with and without the handheld. Therefore, you can instantly park the stick anywhere you want during cleaning.

Effective on Animal Hair

Thanks to the TriActive Turbo nozzle with a motorised brush, you can now remove animal hair from sofas, cushions and other fabrics. Ideal for pet owners.
