

PHILIPS

Replacement Kit

1x Exhaust filter

1x Washable motor filter

1x Washable 2 layer foam filter

FC8010/02

Filter kit for PowerPro Compact and Active*

Original filter replacements from Philips

Allergy H13 filter replacement kit compatible with Philips PowerPro Compact, PowerPro Active and PowerPro City ranges*. The kit contains the exhaust and motor filters. It is recommended to replace filters once a year.

Philips Original accessories

- Washable motor inlet filter
- Exhaust filter for excellent filtration
- Washable 2 layer foam filter

Highlights

Washable motor filter

The kit contains 1 x washable motor filter. This provides high filtration levels and prevents fine dust from reaching the motor and damaging it. The filter can be washed. It is recommended to replace the filter once a year.

Washable 2 layer foam filter

The kit contains 1 x motor inlet filter (2 layer foam). This filter is providing additional protection to the motor and should be placed

next to the washable motor filter. The filter can be washed. It is recommended to replace the filter once a year.

Exhaust filter

The kit contains 1 x exhaust filter. The filter catches even the finest dust before the air is expelled back into the room. This results in a clean, dust-free air in your home. The filter should be replaced once a year.
