s-filter® exhaust  
filter

1 x Allergy H13 exhaust filter

s-filter® standard fit

Retains >99.95% of dust

FC8038/01

## Original HEPA13 filter replacement from Philips HEPA13 filter captures >99.95% of fine dust

The Philips HEPA13 filter for your vacuum cleaner captures 99.95% of the finest dust, for a dust-free environment, with clean allergen-free air. The air passing through the filter is even cleaner than the air already in your room.

### Philips Original accessories

- Allergy H13 exhaust filter for excellent filtration
- s-filter® standard fit for easy replacement
- Change every 12 months for continued performance
- Non-washable filter

# Highlights

## Allergy H13 exhaust filter

The Allergy H13 filter captures more than 99.95% of fine dust, which other filters simply recirculate back into the air of your home. It traps the fine particles, such as pollens and dust mites, which trigger allergy and asthma symptoms. The filter should be replaced once a year.

## s-filter® standard fit

s-filter® is a standard exhaust filter that is widely available and carries an easily recognisable logo. It fits several ranges of

vacuum cleaners from Philips, as well as vacuum cleaners from Electrolux, AEG, Volta and Tornado.

## Change every 12 months

For optimal performance and filtration, we advise to change the filter every 12 months.

## Non-washable

The filter does not need to be washed. It has a lifetime of 1 year, after which it needs to be replaced. Washing the filter can damage it.

# Specifications

## Contains

Exhaust filter: 1

## Suitable for

Jewel: FC9050 - FC9079

Performer: FC9150 - FC9179, FC8680 - FC8682
