High suction power. For a deep clean.

Hygienic cleaning with AirflowMax

The new Philips Performer Active vacuum cleaner delivers full cleaning performance with hygienic dust removal. AirflowMax technology keeps the suction power stronger for longer*. The MultiClean nozzle removes dust efficiently on all floors.

**Remarkable cleaning results**
- Revolutionary AirflowMax technology for strong suction power
- Powerful 2100 Watt motor for excellent cleaning results
- New MultiClean nozzle for thorough cleaning on all floors

**Maximum convenience**
- Integrated brush for ultimate convenience
- ActiveLock couplings to easily adjust to each cleaning task
- Soft bumper for easy gliding along furniture and walls
- 4L dust capacity for longer cleaning

**Hygienic cleaning**
- Allergy filter captures more than 99.90% of fine dust
- s-bag Classic Long Performance lasts up to 50% longer
Vacuum cleaner with bag FC8585/01

**Highlights**

**AirflowMax technology**

The unique AirflowMax technology keeps the suction power stronger for longer* to use the bag to the very end. The technology is build around the optimization of three key elements:
1) Unique ribs profile inside the dust chamber to maximize airflow around the dustbag and enable the use of the entire bag surface. 2) Specially designed dust chamber capacity that allows the dustbag to fully unfold uniformly. 3) High quality, non-clogging fibre structures in the dustbag absorb dust without blocking the pores, thus avoiding a reduction in suction power.

**MultiClean nozzle**

The new MultiClean nozzle delivers a thorough cleaning on all types of floors. The nozzle is designed with a large front opening to pick up big crumbs, while at the same time it seals closely to the floor to ensure a good pick-up of the fine dust.

**Integrated Brush**

The vacuum cleaner is designed with integrated accessories, so that you do not need to carry extra pieces around while you clean. The soft dusting brush is conveniently integrated in the handle of the appliance, always ready to use.

**ActiveLock couplings**

The ActiveLock couplings allow you to easily connect and disconnect the different nozzles and accessories from the telescopic tube while cleaning.

**Soft bumper**

The soft bumper protects furniture and prevents damage if you accidentally bump into your furniture or walls and stops it from getting stuck on edges, so you can move around faster.

**Allergy filter**

Developed to meet the specific needs of allergy sufferers and more generally of people demanding a higher level of hygiene.

**s-bag Classic Long Performance**

This new Philips synthetic dust bag has been developed to provide long lasting vacuum cleaner performance, i.e. a high performance level and maximum filtration, up to the moment the dust bag is full and ready for disposal.

**4L dust capacity**

The specially designed 4L dust chamber allows you to make optimal use of your dust bag, so you can clean for longer.

**2100 Watt motor**

This powerful 2100 Watt motor generates max. 450 Watt suction power for excellent cleaning results.
## Specifications

### Performance
- **Airflow (max):** 40.17 l/s
- **Input power (IEC):** 1800 W
- **Input power (max):** 2100 W
- **Sound power level:** 82 dB
- **Suction power (max):** 450 W
- **Vacuum (max):** 23 kPa

### Usability
- **Action radius:** 9 m
- **Carrying handle:** Front
- **Cord length:** 6 m
- **Tube type:** Metal 2-piece telescopic tube

### Wheel type:
- Rubber

### Tube coupling:
- ActiveLock

### Power control:
- Rotary knob

### Filtration
- **Dust bag type:** s-bag Classic Long
- **Performance:** 4 L
- **Exhaust filter:** Allergy filter
- **Motor filter:** Microfilter

### Nozzles and accessories
- **Accessories included:** Crevice tool, Integrated brush
- **Standard nozzle:** MultiClean nozzle

### Sustainability
- **Packaging:** > 90% recycled materials
- **User manual:** 100% recycled paper

### Weight and dimensions
- **Dimensions of product (LxWxH):** 447x304x234 mm
- **Weight of product:** 5.2 kg

*Suction power of Philips Performer Active compared to suction power of Philips Powerlife FC8322/09, as tested according IEC 60312-1:2011*
