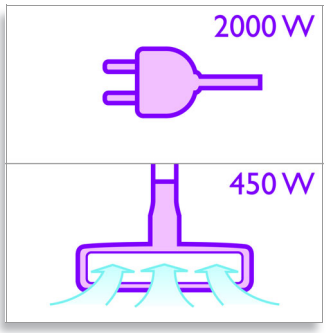
Highlights

2000 Watt motor



The highly efficient 2000 Watt motor generates max. 450 Watt suction power for perfect cleaning results.

HEPA AirSeal, HEPA 13 filter

This vacuum cleaner has been designed in such a way that all the air taken in is passed through the washable HEPA 13 filter (99.95% filtration) before it is exhausted. No escape is possible.

Tri-active nozzle

This unique nozzle is aerodynamically designed for maximum cleaning efficiency, has side brushes to remove dust from corners and curves, and has a front opening to pick up the big bits. Each stroke will deliver an immediate clean result.

Active fragrance control

To give a special fresh clean smell, each Jewel comes with a fully integrated and adjustable active fragrance control. Scent granules are available in blossom scent (FC8025) and lemon scent (FC8026).

Super Parquet nozzle

The Super Parquet nozzle allows you to clean hard floors of all kinds thoroughly in one go, without the risk of harming them. Using the absorption capacity of the micro-fibre pads, together with the suction power of the vacuum cleaner, you achieve the best results without requiring any detergents or brushes.
