- 4 Digital Inputs and 1 Digital Output

PHILIPS

Specifications

Highlights

Dolby Digital Surround

Because Dolby Digital and DTS, the world's leading digital multi-channel audio standards, make use of the way the human ear naturally processes sound, you experience superb quality surround sound audio with realistic spatial cues.

DTS Digital Surround

DTS delivers superior surround sound with your DVD movies.

Realistic Surround Sound

Natural Surround for more realistic surround sound

Digital Surround Processing

Digital Surround Processing via TETRA CORE

Cinema Link

Cinema Link is an intelligent communication protocol for CE devices. It provides convenient features for Home Cinema systems like automatic picture ratio setting, System Standby, Follow TV, Direct Record and NexTView Link. Cinema Link is fully compatible with EasyLink.

Universal Remote Control

With a Philips Universal Remote Control you can control your video equipment and TV set from just about any brand.

Video Input and Output

4 Video Input and 2 Output Connections

Digital Inputs and Outputs

4 Digital Inputs and 1 Digital Output
