DVD Mini Hi-Fi System

40W

FWD154

Enjoy DVD and MP3-CD in rich sound

with USB Direct

Revel in the magic of movies and music on the Philips DVD mini hi-fi system. Dolby Digital ensures a rich movie experience and you can enjoy your favorite tunes powerfully enhanced by Dynamic Bass Boost and 800W PMPO.

Enrich your movie experience

- Dolby Digital for ultimate movie experience
- DivX Certified for standard playback of DivX videos

Enrich your sound experience

- Dynamic Bass Boost for deep and dramatic sound
- 800W PMPO/40W RMS total power
- Digital Sound Control for optimized music style settings

Continuous enjoyment of your favorite music

- Autostop cassette deck
- Digital tuning with preset stations for extra convenience
- USB Direct for MP3/WMA music playback

PHILIPS

Highlights

Dolby Digital

Because Dolby Digital, the world's leading digital multi-channel audio standards, make use of the way the human ear naturally processes sound, you experience superb quality surround sound audio with realistic spatial cues.

Dynamic Bass Boost

Dynamic Bass Boost maximizes your music enjoyment by emphasizing the bass content of the music throughout the range of volume settings - from low to high - at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.

Autostop cassette deck

Autostop cassette deck

800W PMPO / 40W RMS

This system has 800W PMPO / 40W RMS total output power. RMS refers to Root Mean Square which is a typical measurement of audio power, or rather, the electrical power transferred from an audio amplifier to a loudspeaker, which is measured in watts. The amount of electrical power delivered to the loudspeaker and its sensitivity determines the sound power that is generated. The higher the wattage, the better the sound power emitted by the speaker.

Digital tuning with presets

Simply tune into the station that you want to preset, press and hold the preset button to memorize the frequency. With preset radio stations that can be stored, you can quickly access your favorite radio station without having to manually tune the frequencies each time.

DivX Certified

With DivX support, you are able to enjoy DivX encoded videos in the comfort of your living room. The DivX media format is an MPEG4-based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW, and DVD recordable discs.

Digital Sound Control

Digital Sound Control offers you a choice of pre-set Optimal, Jazz, Techno and Rock controls you can use to optimise the frequency ranges for different musical styles. Each mode uses graphic equalizing technology to automatically adjust the sound balance and enhance the most important sound frequencies in your chosen music style. Ultimately, Digital Sound Control makes it easy for you get the most out of your music by precisely adjusting the sound balance to match the type of music you are playing.

USB Direct

With the USB Direct mode, simply plug in your USB device to the USB port on your Philips device and your digital music will be played directly from the Philips device.

Specifications

Sound

- Output power: 800 W PMPO
- Total Sound Power (RMS): 40 W
- Sound enhancement: Dynamic Bass Boost, digital sound control, Dolby Digital

Loudspeakers

- Number of speaker boxes: 2
- Speaker drivers: 4" woofer, full range
- Speaker types: bass reflex speaker system

Video Playback

- DVD region code: 3
- Playback media: DVD, DVD+R/+RW, DVD-R/-RW, SVCD, video CD, picture CD, DivX
- Disc playback modes: disc menu, OSD, fast backward, fast forward, slow backward, slow forward, A-B Repeat, angle, Zoom, resume playback from stop
- USB Direct Playback: JPEG

Audio playback

- Playback media: CD, CD-R, CD-RW, MP3-CD, WMA-CD
- Disc playback modes: repeat/shuffle/program
- Number of decks: 1
- Cassette deck technology: mechanical
- Cassette Playback Modes: semi-auto stop
- USB Direct playback modes: fast backward/fast forward, play/pause, previous/next, repeat, stop

Audio recording

- Recording media: tape
- Tape recording enhancement: automatic recording level

Tuner/Reception/Transmission

- Tuner bands: FM stereo, MW
- Station presets: 40
- Tuner enhancement: auto digital tuning, auto scan

Connectivity

- Audio/Video output: 2xRCA (Audio), composite video (CVBS) out
- USB: USB host

Convenience

- Number of discs: 1
- Display type: LCD display
- Loader type: top, tray
- On-Screen display languages: English, French, Portuguese, Spanish, Thai

Accessories

- Remote control
- Cables/Connection: audio cable, composite video cable (Y)
- User Manual: English
- Others: Quick start guide
- Warranty: World Wide Guarantee booklet

Dimensions

- Gross weight: 8.5 kg
- Packaging width: 740 mm
- Packaging height: 354 mm
- Packaging depth: 270 mm
- Main speaker dimensions (W x D): 189 x 175 mm
- Main speaker height: 290 mm
- Main unit depth: 217 mm
- Main unit height: 290 mm
- Main unit width: 220 mm

Power

- Power supply: 100 - 240V AC, 50/60Hz

Digital photo playback

- Playback media: Kodak Picture CD, picture CD
- Picture Enhancement: flip photos, rotate, slideshow, Zoom
- Picture Compression Format: JPEG
