- **Main speaker dimensions (W x H x D):** 348 x 322 x 242 mm
- **Packaging dimensions (W x H x D):** 533 x 726 x 399 mm
- **Weight incl. Packaging:** 21.7 kg

### Power

- **Power supply:** 110V, 50Hz
- **Standby power consumption:** < 1 W

### Software

- Philips Sound Agent 2
- USB PC Link driver

### System Requirements

- CD-ROM drive
- **USB:** Free USB port

## Product highlights

### Song title display

#### USB PC Link

USB PC Link lets you playback your MP3 music through the powerful speakers of Philips sound systems instead of your PC speakers. By connecting a PC directly to your audio system with a USB cable, you can stream MP3 music directly to your sound system, transforming your PC into a 'massive MP3 music jukebox'. The control buttons on the sound system and remote control provide easy navigation and control of the MP3 music stored in the MusicMatch Playlist. You can also view song title information as well as elapsed play time on the sound system's display.

### Gameport connection

### Game Sound modes

### MIX-IT for mixing game sound

### 50 hours of MP3-CD music

### Class D Amplifier

Class 'D' Digital Amplifier takes an analog signal, converts it into a digital signal and then amplifies the signal digitally. The signal then enters a demodulation filter to give the final output. The amplified digital output delivers all the advantages of digital audio, including improved sound quality. In addition, Class 'D' Digital Amplifier has greater than 90% efficiency compared to traditional AB amplifiers. This high efficiency translates into a powerful amplifier with a small footprint.

### 2x250W RMS/2x500W music power

### Front firing wOOx Technology
