

Philips
Mini Hi-Fi System

Bluetooth® and NFC

FX50

Mega sound goes wireless

Stream music wirelessly over Bluetooth® from any smart device, with NFC technology for instant pairing. A dual amplifier offers better sound quality and 1200W RMS total output power creates incomparably loud music.

Powerful sound you can hear and feel

- Dual amplifier for better sound performance
- MAX Sound for instant power boost
- 1200W RMS / 14400W PMPO total output power

Multiple source MP3 music

- Stream music wirelessly via Bluetooth™ from your smartphone
- Enjoy MP3 music directly from your portable USB devices
- Compatible with MP3-CD
- Rip music from CDs onto a USB device
- Audio-in for portable music playback

Convenient and easy to use

- Connection for TV or DVD player
- Digital tuning with preset stations for extra convenience
- One-Touch with NFC-enabled smartphones for Bluetooth pairing

PHILIPS

Highlights

Stream music via Bluetooth™

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to iPod/iPhone/iPad or other Bluetooth devices, such as smartphones, tablets or even laptops. So you can enjoy your favorite music, sound from video or game wireless on this speaker easily.

Audio-in

The Audio in connectivity allows direct playback of Audio in content from portable media players. Besides the benefit of enjoying your favorite music in the superior sound quality delivered by the audio system, the Audio in is also extremely convenient as all you have to do is to plug your portable MP3 player to the audio system.

MAX Sound

MAX Sound technology produces an instant boost in bass, maximizing volume performance and instantly

creating the most impressive listening experience with just the touch of a button. Its sophisticated electronic circuitry calibrates existing sound and volume settings, instantly boosting bass and volume to maximum levels without distortion. The end result is a noticeable amplifying of both sound spectrum and volume and a potent audio boost that will add mileage to any music.

Rip music from CDs onto a USB
