GC027/00

Fabric Shaver

Revive your old garments instantly

The Philips fabric shaver allows you to easily and quickly remove fabric pills from all types of garments. All your garments, whether it is your sweater or your blanket, will look like new again!

Effective and quick pill removal

- Large blade surface for covering a large area at once
- Up to 8800 rounds/min blade rotation for effective removal
- 3 sizes of holes in the mesh to tackle all sizes of pills
- Remove the most stubborn pills with the extra pill brush

Easy to use

- The pill container is easy to remove and empty
- The cleaning brush helps to clean your appliance after use
- Recharge your Fabric Shaver any time

Safer choice

- Blades automatically stop rotating when the cap is removed
- Safer for the environment: cadmium free battery

Highlights

Large blade surface

Large blade surface ensures that larger area of the garment is covered at the same time, hence less strokes are needed to make your garment look new again

Special design shavinghead

Due to the mesh with 3 different sizes of holes, all sizes of fabric pills will be drawn into it and effectively removed from the fabric.

8800 rounds/min blade rotation

Blades rotate up to 8800 rounds/min for effective and quick removal of the fabric pills from your garments

Extra safety

The blades of the fabric shaver will automatically stop rotating when the cap is removed. This way you will avoid damaging yourself or your garments accidentally.

USB rechargeable battery

Recharge your Fabric Shaver any time with USB charging cable.

Large removable pill container

The container, where the shaved off pills are stored, is easy to remove and empty.

Extra pill brush

The extra pill brush will lift fibers such that even the most stubborn pills can be removed.

Cleaning brush

The cleaning brush helps to easily clean your appliance after use. Please follow the quick start guide included in the packaging to clean the appliance.

Cadmium free battery

The battery of your Philips appliance is cadmium free, which makes it a safer choice for the environment.
