### Convenient ironing

- Integrated power plug
- Convenient ironing for everyone: adjustable height
- Clothes hanger

### Safe ironing

- Extra stability: anti-slip feet caps
- Safe iron tray
- Designed for safety: child and transport lock

# Highlights

## Unique ShoulderShape

With the unique ShoulderShape, shirt ironing is easier than ever. This innovative shape helps you to iron shirts with little rearranging, saving you time and effort.

## Multi-layered board cover

The board cover is made of 100% cotton and is supported by foam and felt layers. This combination provides a comfortable and smooth ironing surface.

## Integrated power plug

Now the cord of your iron is even longer! You can plug the iron directly into the power plug, located under the surface of the board and utilise the full length of the cord of the iron for the ultimate freedom of movement.

## Adjustable height

The height of the ironing board is easy to adjust to your own height with a lever, located underneath the board surface. The height can be adjusted between 70 and 94cm.

## Stabilizing feet caps

This ironing board was designed with careful attention for extra stability. Special design of the legs with anti-slip feet caps makes the board stable and safe.

## Safe iron tray

The stable and safe iron tray is suitable for both left and right-handed

## Child and transport lock

Child and transport lock prevents accidental collapsing of the board while ironing and also keeps the board closed during storage.

## Clothes hanger

No need to look for a place around you to hang your freshly ironed shirts. You can hang garments directly after ironing to the convenient hanging rail.
