# Highlights

**2400 W to heat up quickly**

Delivers a fast warm-up and powerful performance.

**Drip-stop system**

Our drip-stop system prevents leakage to avoid stains from water droplets — and iron with confidence at any temperature.

**270 ml water tank**

Less refilling with the large 270 ml water tank so you can iron more clothes in one go

**Vertical steam**

The vertical steam function lets you refresh garments right on the hanger and remove creases from curtains as they hang. No ironing board required.

**Built-in calc-clean slider**

This iron operates with ordinary tap water. Calc-clean is a built-in cleaning function to remove calcium build-up, or lime scale, and maintain peak performance.

**Up to 30 g/min of steam**

Strong and consistent steam output to remove creases faster.

**Steam boost up to 150 g**

Penetrates deeper into fabrics to easily remove stubborn creases.

**Ceramic soleplate**

Our durable ceramic soleplate glides well on any ironable garment. It's non-stick, scratch resistant and simple to keep clean.
