Highlights

SteamGlide soleplate

SteamGlide soleplate is the best Philips soleplate for your steam iron. It has great scratch resistancy, glides excellent and is easy to clean.

Double Active Calc System

Double active calc

Double Active Calc system of your Philips steam iron prevents scale build-up through anti scale pills and an easy to use calc clean function.

Steam up to 50 g/min

Continuous steam output of up to 50 g/min gives you the perfect amount of steam to efficiently remove all creases.

Steam boost up to 200 g

The steam boost can be used for vertical steaming and tough creases.

2600 W for quick heat up

2600 W max

2600 W for quick heat up and powerful performance.

Steam tip

The unique steam tip of this Philips iron, combines a particularly pointed front of the soleplate with special elongated steam slots in the tip, to reach right into the smallest and most difficult areas for the best ironing results.

Heat-resistant storage box

This heat-resistant storage box is designed for storing the hot iron easily. For optimal performance and longer lifetime of your box,

always unplug the iron and empty the watertank before storing the iron in the box. When you put a hot iron in the box, the bottom of the box also becomes warm on the outside, but there is no risk of burning.

Automatic shut-off

Safety auto off

Iron shuts off automatically when the iron is hold still for 30s on soleplate, 30s lying on a side or standing on its heel rest for 8 minutes.

SteamGlide Plus soleplate

For the best results you need a soleplate that has the optimal balance between gliding and stretching. This is offered through SteamGlide Plus with its easy glide zone and perfect stretch zone.
