- Compact size and light weight for easy storage

Highlights

Steam ready in 2 minutes

Steam is ready to use in 2min and can be refilled at anytime during ironing.

1.2 L water tank

SpeedCare steam generator has 1.2 L water tank capacity to allow your iron more than 1 hour, it helps you reduce the frequency of refilling everytime for the big laundry loads. The technology will also allow you refill the water tank during ironing without cooling down the appliance for 2 hours waiting to reill.

Triple precision tip

The tip of this Philips iron is precise in 3 ways: it has a pointed tip, button groove and a sleek design of the nose. Triple Precision tip enables you to reach even into the most tricky areas, e.g. around the buttons or between the pleats.

Compact size and light weight

Thanks to the revolutionnary ProVelocity technology, we made your steam generator iron more compact than ever before. The compact steam generator fits easily on your ironing board making your ironing more convenient. In addition, your steam generator takes much less storage space.

Smart Calc Clean system

Smart Calc Clean system is an intergrated descaling and cleaning fuction to protect your steam generator iron. After each about 10 hour ironing, you will be reminded by the soud and light of your steam genreator iron to perform calc clean process. The Calc Clean Container will provide you the convenience during the Calc Clean process, by just resting your iron on the container without holding your iron to stress your waist. After cleaning process, all the dirty water is collected in the container, your steam generator iron is ready to use again.

Refill tap water any time

Your steam generator iron is designed to use tap water. While ironing, when you run out of water in the watertank, you can refill it easily without waiting or turning your appliance off.

Ceramic soleplate

Ceramic soleplate is scratch resistant, glides well and easy to clean.

Max 4.5 bar pump pressure

The more steam, the faster the ironing. Consistent powerful steam is generated which penetrates deep inside the garments making ironing faster and better. Steam power can be regulated to fit your needs.

Steam boost up to 170 g

The steam boost can be used for vertical steaming and tough creases.
