# Highlights

## Automatic pressure cooking

The smart system allows suitable cooking programs to be set for different foods, so everything you cook tastes its best. Even kitchen novices can cook great tasting food!

## Adjustable cooking times

Adjustable cooking times between 0-59 minutes, helping you to precisely control cooking times and cook food just the way you like it.

## Sealed to lock in nutrients

No steam is released during the cooking process, so flavors and nutrients are all retained within the pot, giving you tasty, authentic food.

## 4-digit display

4-digit display to help you adjust preset and cooking time with ease. Adjust times accurately to the minute.

## 24-hour preset timer

Use the "Preset" function to set cooking completion times. Set timer in minutes or hours. Press the hour button to move the time forward 1 hour. Press the minute button to move the timer forward by 10 minutes. With the 24-hour preset function, you know exactly when your food will be ready, so you can enjoy it as soon as possible.

## Detachable lid

The lid can be removed for easy, trouble-free cleaning.

## Complies with EU standards

Materials in contact with food comply with EU standards

## 8X security protection system

8X security protection system for safe cooking

## Plastic, anti-scald lid

Plastic, anti-scald lid design

## 8 menus

8 menus, including: Reheat, soup, congee, rice, beef/mutton, meat/pork ribs, beans/tendons and keep warm. Smart cooking programs to help you create tasty food with ease.
