- Slow cook to create melt-in-mouth tenderness

#### High quality meals cooked just right

- Add delicate ingredients at later stage of pressure cook
- Dual control system accurately controls temperature
- Programmable cooking settings give you full control
- Rich sauce made with single press of button

#### Smart and convenient cooking experience

- Preset timer and automatic keep warm
- MyFavorite stores up to 3 customized cooking programs
- SensorTouch control panel on the top for easy operation
- Auto pressure release reduces waiting and ensures safety

# Highlights

## Preset timer and keep warm

The 24 hours easy-to-program preset timer and 12 hour automatic keep warm function help to ensure meals are hot and ready on time.

## Add ingredient function

Add delicate ingredients at later stage of pressure cook

## Dual control system

With Dual control system, the new All-in-One cooker accurately controls the temperature and reduces heating fluctuation by 50%\*. With this accuracy, different ingredients are cooked just right so that you can enjoy high quality meals and even gourmet cuisine at home easily.

## Multi cooking modes

Additional multi cook programs including steaming, baking and yoghurt making to create even more dishes and desserts to dazzle your family and friends.

## My Favourite

You can save up to 3 customized cooking programs, so by pressing the shortcut button you will be able to repeat your favourite dishes easily.

## Pressure cooking modes

With the magic of pressure, even tough cuts can be tenderized in minutes. 9 pressure cooking modes help you to create great taste when you are time poor.

## Programmable settings

Now not only the cooking time but also the cooking pressure can be programmed, which gives you full control to achieve the texture to

meet your personal preference. Increase the cooking pressure to get a even more tender result, while decrease it if you find it to be too soft.

## Reduce function

By simply pressing the Sauce thickening button, sauce and soup will be reduced to create a more intensified flavor.

## Saute/Sear

Saute/Sear to enhance richness of flavors before the magic of cooking begins.

## Control panel on the top

SensorTouch control panel on the top for easy and comfortable operations.

## Slow cooking modes

Slow cook with high and low temperature settings creates melt-in-mouth tenderness.

## Auto pressure release

Pressure will be released automatically after cooking finishes, so there is no need to discharge the pressure manually or wait for the pressure to drop naturally as the cooker cools down.
