Tastier Rice, Enjoyable Meal

Cooking in the style of the traditional big pot

The Philips cooker looks great with a large LCD display, temperature control and an extremely durable, cutting-edge 5-layer golden inner pot, which conducts heat evenly for food cooked in the traditional Chinese style of the big pot.

Smart and automatic cooking

- Smart heating and temperature control for optimum results
- 24-hour preset timer ensures rice and meal ready on time
- The Keep-warm function keeps rice fresh for up to 12 hours

Eleven different healthy varieties

- Eleven food menus for more healthy varieties
- 3D heating for even heating and more effective warm keeping

Easy to operate

- Easy-to-control touch sensor. Waterproof and durable panel.
- Large LCD display with clock and timer display
- Procedure indicator shows cooking process

Outstanding design + Premium material

- 6.0-mm inner pot brings you the traditional "big pot" taste
- Child lock keeps your kitchen safer and offers peace of mind
- Easy to clean detachable inner lid

Highlights

24-hour preset timer

There is also a timer function to preset when you want the meal cooked. Press the 'hour' button once to advance 1 hour, and the 'minute' button to advance 10 minutes. The timer function can be preset up to 24 hours in advance to ensure you can enjoy your meals exactly when you want them.

3D heating system

There is heating system surround the rice cooker, including heater assembly on the top, heater assembly all around and main heater assembly on the bottom. 3D heating system for even heating, more effective warm keeping and better baking result

6.0-mm 5-layer inner pot

The thickness of inner pot gradually changes from 6.0 mm on the bottom to 2.0 mm on the top. It can conduct the heat generated from the

main heater assembly on the bottom evenly to the top of the inner pot. 5-layer golden inner pot offers more effective and even heat conduction

Easy to clean detachable inner

Easy to clean detachable inner lid

Procedure indicator

Great heat conduction and fuller stewing to ensure better flavour. Hard coating of inner pot is anti-scratch and easy to clean.

Sensor touch system

The control system uses an innovative, high-tech sensor touch feature. This avoids mechanic damage to buttons that can occur with traditional push-button operation. It is waterproof and easy to clean, and stays touch-sensitive and precise.
