Highlights

Fuzzy Logic control

Computerized heating mechanism and temperature control for optimal cooking result in different programs

Automatic 12 hours keep warm

Use the keep warm function to keep rice or dishes warm for a longer period of time, without losing food nutrition and taste. When the cooking process is finished, the rice cooker automatically switches to the keep warm mode

Non-stick inner pot

Extra thick case iron aluminum nature inside coating ensure high heating power is generated and evenly heated around the pot

3 rice cooking menus

Rice menu includes: Plain rice , Quick rice cooking and Sushi rice

5 food menus

It has varieties of cooking menu including Congee, Soup, Steam, Stew and Cake

Rotary knob make all selection

All menus clearly shown on front panel surrounding the knob. Simply turns the knob left and right to make menu selection. Turn the knob for time and clock setting.

Detachable inner lid

Wash the inner lid frequently to avoid odor. Simply remove the inner lid from the appliance and clean thoroughly.

Swing handle

Convenient and safe to carry the Philips rice cooker away from the kitchen, or to serve rice in dining room.

Reheat function for fresh rice

Use the reheating mode of the Philips pressure rice cooker to warm up rice that has cooled down.
