## Taste the aroma of your favorite coffee beans one touch bean to cup espresso

Whatever coffee you wish to try next, the Saeco Xsmall will grind the beans fresh on the spot at the touch of a button. It comes equipped with a steam pipe to add a touch of milk froth pleasure to all your fresh coffee drinks.

### **Advanced technology designed for coffee perfection**

- Fine-tune the coffee's richness with 5 grinder settings
- Extract maximum flavor with the 100% ceramic grinders
- Velvety milk foam with the Classic Milk Frother

### **High comfort is part of the experience**

- The fully removable brewing group can be cleaned in no time
- Auto-cleaning cycle removes any hassle

# Highlights

## 5-steps adjustable grinders

When it comes to the fineness of the grind, this machine never fails to satisfy. Different coffee blends require different levels of granularity for the full flavor to unfold. So the grind granularity of this machine has five adjustable settings – from the finest grind for a full-bodied espresso, to the coarsest for a lighter coffee.

## 100% Ceramic grinders

The robust 100% ceramic grinders guarantee a moment of pure coffee indulgence for years to come. The ceramic material creates the ideal grind, which allows the water to flow through steadily, extracting the purest essence of the beans. And unlike other 'regular' grinders, the ceramic material prevents the coffee from overheating and tasting burnt.

## Removable brewing group

Efficiency and ease of use were key inspirations when Saeco invented the first brewing group 30 years ago. And to this day, it still proves to be an inspired, resolute piece of technology. As always, it's so simple to clean – just remove it and wash it under the tap for a few seconds, then re-insert it just as easily.

## Auto-cleaning

The automatic cleaning cycle makes it easy to look after, and it increases the machine's longevity – giving you more time to enjoy your coffee instead of cleaning up.

## Classic Milk Frother

The Classic Milk Frother is for those who love to assume the role of master craftsman, and it's just easy. Within seconds you can create a rich, silky layer of foam – the crowning glory of your coffee.

# Specifications

## Finishing

Material drip tray: Stainless steel

Material panarello: Plastic

Material water tank: Plastic

Material boiler: Stainless steel (Inox)

Material of main body: Plastic

## Service

1-year guarantee

## Country of origin

Made in: Europe

## General specifications
