- The taste of Filtercoffee from fresh beans with CoffeeSwitch

### Enjoy your coffees every day with no hassle

- Designed to maximize capacities in a compact footprint
- Easily operate your machine via the intuitive display
- Easy cleaning thanks to fully removable brew group
- Enjoy a great coffee with Auto-Rinse & guided descaling

# Highlights

## CoffeeSwitch

Finally the taste of filter coffee from a full automatic espresso machine! Enjoy your morning coffee or your strong espresso by simply pulling the lever. The unique CoffeeSwitch allows you to choose the perfect type of coffee for any moment or mood, from freshly ground beans.

## 100% ceramic grinders

Our grinders are 100% pure ceramic: extremely hard and precise, so you can enjoy fresh aromatic coffee, for at least 20.000 cups.

## 6 beverages

Enjoy a wide variety of drinks to suit any occasion. Whether you crave for an espresso, a coffee or a milk based recipe, your Super-automatic machine delivers a perfect in-cup result with no hassle and in no time!

## Adjustable coffee spout

The adjustable spout on our espresso machines will fit every cup and thus prevents the coffee splashing or cooling down while pouring in your cup. This way your espresso is always served at the right temperature while maintaining a clean machine.

## Customize your coffees

This Fully-Automatic machine offers an abundance of indulgent options to customize your beverage to your taste. You can easily personalize and memorize length, strength and temperature for each drink. Feel free to explore, experiment and dream up any drink!

## High capacity & compact design

Enjoy more room and go longer without refill thanks to the high-capacity bean, water, and waste containers in a super-compact design. This smart, super-automatic machine provides you with maximum convenience and top notch performance thanks to a large capacity water tank, bean and waste container.

## Integrated milk carafe

Enjoy super creamy cappuccino at the perfect temperature, in the easiest way possible. Simply pour milk into the carafe, plug it into the machine, and select your preferred beverage. Whether it's a cappuccino or frothed milk, your drink will be served within seconds, with a splash-free flow at the ideal temperature.

## Intuitive Display

The intuitive display shows you all relevant information to easily interact with your machine and get the best performance. The icons will guide you through all customisation options and important maintenance activities.

## Latte Perfetto Technology

Every coffee you prepare will be topped with a silky, milk layer that beckons the taste buds. The milk carafe froths the milk twice, then pours a splash free creamy layer into your cup at just the right temperature. The carafe can also be stored conveniently in the fridge and it is incredibly hygienic.
