Highlights

Rapid Air technology

Airfryer's unique Rapid Air technology enables you to fry, bake, roast and grill the tastiest snacks and meals with less fat than a conventional fryer, by using little or no oil! Philips airfryer with Rapid Air technology also creates less smell than conventional fryers. It is easy to clean, safe and economical for daily use!

1.2 kg cooking capacity

1.2-kg capacity to feed up to 5 people. Now even larger families can enjoy the Airfryer experience with an additional 50% capacity**

Digital touch screen

With the digital touch screen you can control the time and temperature of your cooking easily and more precisely. Enjoy your favourite food prepared at the right temperature and for the right amount of time for the best result!

Smart pre-set button

Save the settings for your favourite dish so that next time, your meal is ready at the touch of a button!

Versatile cooking

Not just great for frying, the innovative Philips Airfryer with Rapid Air technology also lets you grill, bake and even roast your favourite dishes for a one-stop solution for all of your meals.

International recipe booklet

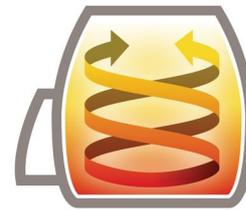

This recipe book created by culinary experts gives inspiration for a variety of low-fat fried food that you can cook in the Airfryer. It also introduces you to recipes that showcase the versatility of the appliance so that you can grill, bake and even roast food more healthily, quickly and conveniently.

More power

Enhanced performance for even faster results! You can now enjoy more power** for great-tasting fried food and more with less fat!*

Unique product design

Philips Airfryer's unique design, which combines fast-circulating superheated air, a starfish design and an optimal heating profile, allows you to fry a variety of delicious meals quickly, easily and more healthily without necessarily adding oil.

Easy to clean

The removable non-stick coated drawer and the food basket are dishwasher-safe for easy cleaning.
