Highlights

Durable metal kettle

Durable and stylish metal kettle made of rust proof stainless steel, is for long lifetime.

Kettle control

Kettle control designed in UK, safe and reliable.

Flat heating element

The stainless steel concealed element ensures fast boiling and easy cleaning.

Easy lid and spout filling

The kettle can be filled via the spout or by opening the hinged lid.

Water level indicator

Easy to read water level indicator

Spring lid

Spring lid with large opening for easy filling and cleaning, also avoiding steam contact.

Power cord winder

The cord can be wrapped around the base, so that the kettle is easy to place in your kitchen.

Pilot light

Elegant light incorporated in the on/off switch indicates when the kettle is on.

Cordless 360° pirouette base

Cordless 360° pirouette base for easy lifting and placing.

Multi safety system

Multiple safety system against boil-dry, with auto switch off when ready or when lifted from the base.

Micro-mesh filter

The removable micro-mesh filter on the spout restrains all scale particles with size > 200 micron and ensures that the water you put into your cup is clean.
