Highlights

4GB*

4GB* to store up to 2000 songs

SuperScroll™ navigation

Double action search keys allow easy speed control when scrolling through large libraries. You can choose to move through your playlist one song at a time or just press and hold down a little harder to SuperScroll™ swiftly to your desired track.

SuperPlay™

SuperPlay™ lets you start enjoying your music quickly without the hassle of first selecting playlists or individual tracks. You can listen to all the music under top-level music library categories, such as Artists or Albums, by simply highlighting the category and pressing the Play button. The jukebox plays all the music according to the category sort order. You can also combine SuperPlay™ with Shuffle and Repeat to further enhance your music enjoyment.

PlaysForSure*

Enjoying your GoGear device is simple with PlaysForSure which ensures compatibility with Windows Media Player 10 and Windows XP. Using Windows Media player you can easily manage music on your GoGear digital audio player and auto-synchronize your PC music collection. Also, enjoy the widest online shopping selection by simply looking for the PlaysForSure logo at your choice of online store. Then rest assured knowing any music you purchase there will work with your GoGear player.

* 1GB = 1 billion bytes; available storage capacity will be less.

* Rechargeable batteries have a limited number of charge cycles and may eventually need to be replaced. Battery life and number of charge cycles vary by use and settings.

* Storage capacity based on 5 Mpixel pictures.

* The PlaysForSure, Windows Media and the Windows logo are trademarks, or registered trademarks of Microsoft Corporation in the United States and/or other countries.

* Actual transfer speed may vary based on your operating system and software configuration.

* Storage capacity based on 4 minutes per song and 64 kbps WMA encoding.
