Flexible screen size

Experience your movies, sport events or gaming like you have never done before, from 50" up to 100". Lean back and enjoy, in the comfort of any room in your home. Screeneo can easily be placed close to any smooth wall. You just need to grab the stylish leather handle at the back of the product. For viewing a cartoon film for kids on a 50", place it 10 cm from the wall, for your favourite football match on 100", place Screeneo 44 cm far from the wall.

Integrated speakers

There is no need to connect to any sound system, thanks to the integrated subwoofer and loudspeakers, with an output power of 26W RMS. Your perfect sound experience will be completed with Dolby Digital 2.1 sound system.

LED technology
Screeneo uses high quality LED technology to project your photos, movies and more in brilliant colours and a duration of 30,000 hours. Combined with the innovative ultra short throw technology, it guarantees a big wow anytime you switch it on.
