- Power: 12 W
- Voltage: 100-240 V
- Frequency: 50/60 Hz
- Type of lamps: LED

- Lifetime of lamps: 10,000 hour(s)
- Adapter cord length (cm): 180 cm

Safety

- cTUVus safety mark
- FCC Part 15 compliance
- UV-free: No UV or near UV radiation

Logistic data

- Country of origin: China
- CTV code: 884332960

Comfortable light

- Advanced diffusion optics
- Wide treatment field

Portable

- Internal rechargeable battery
- Protective case included
- Small, compact design

Highlights

Clinically proven*

Independent clinical research shows that the blue light from the summer sky triggers our bodies to be active and energetic, and regulates our mood.

Effective treatment

Using the goLITE energy light for as little as 15 to 45 minutes a day naturally improves your mood and energy level throughout the day.

Be flexible during treatment

A wide field of light gives the freedom during treatment to engage in activities such as computer work, reading or watching TV.

Portable

Sleek design and rechargeable battery make the device easy to use, store and travel with.

Customize your treatment

Set the timer according to your needs by using the touch display and choose the right level of brightness out of the four levels by using the dimmer.

Long lasting blue LEDs

These blue LEDs have a lifetime of over 50 years, if the appliance is used 30 minutes a day throughout the year.
