PHILIPS

Highlights

Sunrise Simulation

Inspired by nature's sunrise, light gradually increases within 30 minutes until your room is filled with bright yellow light. This process of changing an increasing light stimulates your body to wake up naturally. By the time light has filled the room your chosen natural sound completes the wake up experience, leaving you ready for the day ahead.

3 natural sounds

At your set wake up time natural sound will play to complete the wake up experience and ensure you are awake. The selected sound gradually increases in volume to your selected level within one and a half minute. There are three natural

sounds you can choose from: Bird Song, Birds in the forest and Zen Garden.

FM Radio

Listen to your favorite radio show while you are waking up.

Sunset Simulation

Sunset simulation is a light therapy used before you go to sleep. Sunset simulation prepares your body to fall asleep by gradually decreasing light to your set duration.

Proven by scientists

At this moment in time the Philips wake-up light is the only one scientifically proven to work. In order to make the Wake-up Light the best possible product it can be in genuinely waking you up naturally and energized we have done a lot of clinical research. This research was conducted by independent science facilities to study and prove the effects of the wake-up light on the overall wake up experience. This way we have proven, among other things, that the Philips Wake-up Light not only wakes you more naturally, but also more energized and that it improves your mood in the morning.

Philips Green Logo

Philips Green Products can reduce costs, energy consumption and CO2 emissions. How? They offer a significant environmental improvement in one or more of the Philips Green Focal Areas – Energy efficiency, Packaging, Hazardous substances, Weight, Recycling and disposal and Lifetime reliability.

- Increase alertness
- Drift to sleep naturally
- Wake up naturally
- Wake-up gradually

Natural light

- Brightness settings: 20
- Colored sunrise simulation: No, Plain yellow
- Light intensity: 300 Lux
- Sunset simulation

Technical specifications

- Cord length: 150 cm
- Frequency: 50/60 Hz
- Insulation: Class III
- Insulation Powerplug: Class II (double isolation)
- Power: 16.5 W
- Power Output Adapter: 12W
- Type of lamps: Lumiled Luxeon Rebel
- Voltage: 100/240 V

Weight and dimensions

- Country of origin: China
- Power Plug weight: 99 gram
- Product dimensions: 19.2 (height) x 19.9 (diameter) x 14.6 (depth) cm
- Product weight: 0.813 kg
