#### Unique ceramic epilating head

- Hypo-allergenic ceramic epilating head
- Curved epilating head
- Higher rotation speed

#### Additional benefits

- Delicate area ice cooler
- Exfoliating body puff
- Additional shaving head
- New ergonomic design
- Two speed settings

# Highlights

## Click-on ice cooler

The patented ice cooler soothes the skin reducing the unpleasant feeling of epilation. Its pivoting head follows every curve of your body for optimal cooling and less pain.

## Pivoting cooling head

Follows the body's contours for maximum pain reduction during epilation and an immediate cooling and soothing effect on the skin afterwards.

## Integrated massaging system

Works with the skin cooler to distract from the sensation of epilation.

## Hypo-allergenic ceramic epilating head

Better skin care by reducing the risk of allergic skin irritation.

## Curved epilating head

For improved grip on hair, ensuring that up to 95% of hairs are removed at the root in one stroke.

## Higher rotation speed

For more effective hair removal.

## Exfoliating body puff for less ingrown hairs

Reduces ingrown hair.

## New ergonomic design

For easier handling.

## 2 speed settings

Speed 1 for fine hair, speed 2 for thicker hair.
