- Ion conditioning for shiny, frizz-free hair

Easy to use
- Removable air inlet grill for easy cleaning
- Easy storage hook
- 2.5 m cord

Highlights

Professional 2300 W

Professional 2300 W for great styling results

6 flexible settings

6 flexible speed and temperature settings

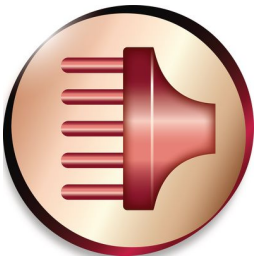
Ion conditioning

Ion conditioning for shiny, frizz-free hair

Ceramic element

The ceramic element is included to prevent overdrying. It issues infrared heat, which has a gentle warmth which helps dries your hair from within and protects it from overdrying, without compromising on speed and effectiveness.

Volume diffuser



The volume diffuser dries hair healthily, reduces frizz and increases volume by spreading the airflow across the hair. It adds lift and maximises volume, especially when used on the crown and root area, making it perfect for creating curls and bouncy styles

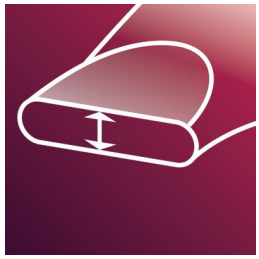
Easy storage hook

Easy storage hook

2.5 m cord

The longer length results in improved flexibility and ease of handling, so you can use it anywhere you want.

Narrow concentrator



The concentrator works by focusing the flow of air through the opening onto specific areas. This results in precise styling and is great for touch-ups or to finish a style.

Specifications

Technical specifications
