Highlights

AutoStir technology

Gentle, constant stirring thanks to AutoStir technology not only ensures that your ingredients brown evenly - the flavor of your ingredients also gets released making your dishes tasty.

Beeps to remind you

When the countdown timer on your HomeCooker reaches zero, meaning your attention is needed again, clear beeps call you back from your away time.

QuickSet timer 0 - 99 minutes

With the easy to use QuickSet timer, you can set the HomeCooker cooking time and walk away. When your attention is needed, a beep will call you back for the next step.

Dishwasher safe parts

To optimize the time spent in your kitchen, you can safely put the pan, lid, stirrer and steaming tier in your dishwasher.

From warm to hot

In the HomeCooker, thanks to the wide temperature range of 40 - 250°C, you can melt, simmer, boil, steam and fry. Therefore, you can effortlessly prepare delicious one pot dishes like risottos, stews, curries and sauces or side dishes like caramelized onions, chutneys, jams and more.

Recipes by Jamie Oliver

Preparing delicious meals in the HomeCooker is easy using the exclusively created Jamie Oliver recipes. Visit <http://www.philips.com/homecooker> for more recipes and inspiration.

Tastier cooking

Gentle, constant stirring thanks to AutoStir technology not only ensures that your ingredients brown evenly - the flavor of your ingredients also gets released making your dishes tasty.

Surprisingly versatile

The HomeCooker not only helps in the effortless preparation of one pot meals like risottos, curries and stews - it also creates great tasting chocolate fondue, jams and side dishes like chutneys. With the steaming tier you can create even more healthy meals like steamed vegetables, dumplings and fish.

Handsfree / Unattended

Especially on busy weekdays, most of us would like to spend less time in the kitchen. Thanks to the HomeCooker and its gentle, constant stirring, it is possible to cook even while you focus your time and attention on other things. Imagine setting up the HomeCooker with the ingredients for a stroganoff, setting the timer for 30 minutes and being able to walk your dog, spend time with your family or even take a relaxing bath...
