Perfect results in seconds

- Direct serve to bowl, pot and wok
- Powerful 200-W motor
- Stainless steel disc inserts for perfect cutting results

Effortlessly easy

- Dishwasher proof parts
- Easy cord storage

Highlights

5 stainless steel disc inserts

5 disc inserts allow slicing, grating and Juliennening for endless variation. Simply choose a disc insert and click it onto the disc holder.

Direct serve

With the direct serve feature on the Philips salad maker you can cut your ingredients directly into the chosen salad bowl, cooking pot or wok pan. The high spout allows you to use even high containers for large quantities. This means you will have much less to clean after your food preparation.

200 W motor

200 W

The Philips salad maker offers a powerful 200 W motor allowing you to prepare all your favourite recipes.

Stainless steel disc inserts

The stainless steel disc inserts of the Philips salad maker provide perfect cutting results, thanks to their sharp and durable blades.

Dishwasher proof

All accessories for your Philips salad maker can be put in your dishwasher for easy cleaning.

Cord Storage

You can easily roll the cord of the appliance under the base unit for easy storage.

Adjustable feeding tube

With the adjustable S to XL feeding tube of the Philips saladmaker you can have optimal control over the ingredients you want to process and get the desired result. Having an S feeding tube is ideal for single thin ingredients, such as a carrot. The XL feeding tube is fit for larger ingredients e.g. potatoes, etc., minimising the need for pre-cutting.
