Highlights

ProMix blending technology

Developed together with the prestigious Stuttgart University, Philips ProMix is a unique, advanced technology that uses a specific triangular shape to create optimal food flow and maximum performance for faster and more consistent blending.

Titanium coated blade

The new golden colored titanium coated blade is more than six times harder than its predecessors and three times harder than a Samurai sword. This ensures your blade stays sharper for even longer.

750 W motor

750W

Best-in-class motor for optimal food preparation.

20 speed settings

20 speed settings

Anti-splash blade guard

No splashes or mess while you blend.
