Maximum juice. Minimum fuss.

The simple way to enjoy fresh juice any day

Juicing has never been so easy as with this Philips juicer in anodised aluminium with unique micro-mesh filter, 800 W motor, XL feeding tube, drip stop, 2 l pulp container, and stylish 1.5 l juice jug.

Simple and fast way to prepare fresh juice
- Extra large tube swallows whole fruits and vegetables
- Juices at speed with the powerful 800 Watt motor
- Multiple speed control for soft and hard fruits

Makes more juice
- Continuous juicing thanks to extra large capacity
- Micro mesh filter made of stainless steel

Quick and easy cleaning
- All parts are dishwasher safe
- Drip stop to prevent the juice from dripping

Highlights

Extra large tube

The extra large feeding tube allows you to juice even large fruits and vegetables like apples, carrots and beetroots without pre-cutting

Multiple speed control

With the multiple speed settings of your Philips juicer you can easily juice soft or hard fruits and vegetables.

Micro mesh filter

Micro mesh filter made of stainless steel

Continuous juicing thanks to extra large capacity

Continuous juicing thanks to extra large capacity

Dishwasher-safe

All removable parts can be cleaned in the dishwasher.

Drip stop

The drip stop stops the dripping from the spout after juicing.
