Highlights

Easy operation and cleaning

The detachable components of the Philips Viva Pasta and Noodle Maker can be easily installed, dismantled and cleaned.

Fresh pasta in minutes

Homemade pasta made easier. Now, with the fully automatic Philips Pasta and Noodle Maker, you can make fresh pasta and noodles much more often. Your new pasta maker does all the hard work for you.

Full automatic

The Philips Viva Pasta and Noodle Maker not only enables fast and automatic mixing, kneading and extruding, it also guarantees a good texture and taste for the pasta and noodles.

Smart storage

The smart built-in storage for the shaping discs and power cord allows you to keep your kitchen neat and tidy at all times.

Compact and modern design

It has a seamless and compact design. You can always keep it on the counter or store it in the cabinet without taking up much space.

Inspiring recipe book

Accompanying the machine is a recipe book created by culinary experts, providing you with inspiration for fresh, homemade and delicious pasta and noodles.

Personalised flavour

By using different types of flour - e.g. whole wheat, durum, spelt - you can make your favourite pasta healthier. You can also add extra flavour by using various vegetable juices such as carrot, beetroot or spinach.

4 shaping mouths

To create your favourite pasta shapes, simply attach one of the pasta shaping discs to the pasta maker. With the machine there are 4 default classic shaping discs for spaghetti, penne, fettuccine and lasagne. The specialist shaping discs enable a double shaping process to ensure smooth pasta and noodles consistently.

Long kneading tube

The long kneading tube guarantees an optimal kneading process, resulting in perfect bouncy dough.

Uniquely designed stirring bar

Featuring angled multi-pins, the uniquely designed stirring bar ensures the flour and liquid are mixed evenly and thoroughly from every corner in the mixing chamber.
