Highlights

Fresh pasta in minutes
We've made it easier to make homemade pasta. Now, with the fully automatic Philips Pasta Maker, you can make fresh pasta and noodles much more often.

Fully automatic

With the optimized mechanism, the Philips Viva Pasta & Noodle Maker not only enables a fast and automatic mixing, kneading and extruding process in just 18 minutes, but also guarantees good texture and taste of the pasta and noodles.

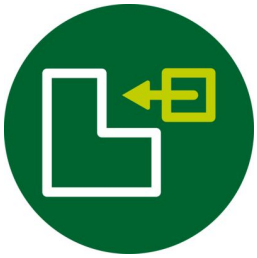
Unique design stirring bar
With angled multi-pins, the stirring bar ensures the flour and liquid is mixed evenly and thoroughly from every corner in the mixing chamber.

Long kneading tube
The long kneading tube guarantees an optimal kneading process, resulting in perfect and bouncy dough.

Compact and modern design

Seamless and compact design. You can keep it on the countertop or store in the cabinet without occupying a lot space.

Easy operation and cleaning



With detachable components, Philips Viva Pasta & Noodle Maker can easily be installed, dismantled and cleaned.

Smart storage

The smart built-in storage for shaping discs and power cord allows you to keep your kitchen tidy and neat at all times.

Personalized flavor
By using different flour e.g. whole wheat, durum, spelt, you can make your favorite pasta healthier. You can also add extra flavor by using various vegetable juices for instance carrot, beet and spinach.

3 shaping discs

To create your favorite pasta shapes, simply attach one of the pasta shaping discs to the pasta maker. With the machine there are 3 default classic shaping discs for Spaghetti, Penne and Fettuccini. The shaping discs enable the double extrusion process to ensure smooth pasta and noodles consistently.

Inspiring recipe book

Accompanying the machine there is a colorful recipe book created by culinary experts giving inspiration for homemade fresh and delicious pasta and noodles.
