### Easy to use

- Anti-Splash blade guard
- Ergonomic design
- Single button release system

### Fast and efficient blending

- ProMix Advanced blending technology
- Turbo function for extra power

### Versatility

- Compact chopper
- Single whisk

# Highlights

## Anti-Splash blade guard

The special wave shapes in the bottom part of the hand blender blending bar guarantees no splashes or mess while you blend

## Compact chopper

With the compact chopper accessory, you can easily chop herbs, nuts, cheese, chocolate and onions.

## Ergonomic design

The robust and ergonomic design offers convenience and ease of use for consumers

## ProMix technology

Developed together with the prestigious Stuttgart University, Philips ProMix is a unique, advanced technology that uses a specific

triangular shape to create optimal food flow and maximum performance for faster and more consistent blending

## Single button release system

Easily attach and detach accessories for various functions with one press of a button.

## Single whisk

Single Whisk accessory for Philips hand blender for whipping cream, mayonnaise, pancake batter and more.

## Turbo function for extra power

With the Turbo function of the Philips hand blender you can cut even the toughest ingredients with a touch of a button
