Created by nutrition experts

We worked with nutrition experts to bring you balanced, nutrient-packed recipes and tips to make sure you always get the right blends to match your daily needs and tastes.

Smart scale. Perfect smoothies

Whether you use a recommended recipe or create your own, your smart scale automatically measures the ingredients for

perfect results. The auto-weighing system also calculates the nutritional value of every blend you make.

Release millions of nutrients

Thanks to our unique ProBlend 6 3D blending technology, you'll get the most of every ingredient in your smoothie. They are so finely blended, every nutrient in fruits, veggies and nuts is released at a cellular level for easier, fuller absorption for your body.

Super smooth. Super tasty.

High power blending makes your blends 50% smoother*. Enjoy super fine smoothies thanks to 1,400W and 35,000 RPM motor speeds.

See your nutritional intake

Your smart blender also has a smart scale. As it automatically weighs your ingredients you'll also see the exact nutritional intake for every ingredient in your smoothies.

Real-time nutritional feedback

You'll see nutritional feedback to make sure your smoothies meet your exact needs. Feel confident knowing every blend you make will taste delicious and perfectly support your healthy lifestyle.
